

# Jarvis Traditional Elementary School

## JARVIS LEGACY WALL

This is a wonderful opportunity to leave your legacy at Jarvis. You can purchase a tile from the school for \$100 and on that tile you can have your family name, child's name or a message printed on it. That tile will be installed onto the exterior of the school illustrating your legacy. All proceeds will go to funding a new primary playground. Our goal is to raise \$15 000 through this fundraiser. That means one in three families purchasing a tile. I believe we can do that! We have sold a number of tiles already and some families have purchased one for each child.

You may also make any nominal donation without purchasing a tile. Amounts of \$25 and more will receive a tax receipt from the School Board Office. Please do what you can to help us provide a new primary playground for our students and community.

We have created temporary tiles and they are on display in our front window for the people who have purchased them. To date we have sold 19 tiles. Our goal is to sell 150 tiles. We have a long way to go so we have extended the deadline to April to purchase tiles. You can pick up an order form from the office.
